ABOUT NONTRADITIONAL STUDENT SERVICES

Nontraditional students at Illinois State University can be described as students age 25 or older, and/or have other major responsibilities in addition to being a college student such as a working in a full- or part-time job, managing children, or honoring military obligations.

Because of the additional responsibilities held by nontraditional students, Illinois State has created Nontraditional Student Services, a part of Off-Campus and Nontraditional Student Services, offered through the Dean of Students Office, to provide support and services that help enhance the student experience at the University.

Nontraditional Student Services works to

- Provide programs and services to educate nontraditional students about Illinois State
- Develop initiatives, programs, and committees that help nontraditional students succeed at Illinois State
- Offer programs, solutions, and services that help nontraditional students remain connected to the Illinois State community, such as coordinating campus events and meetings with academic departments, university staff, and community contacts

RESOURCES FOR NONTRADITIONAL STUDENTS
